Students light candles at a campus peace vigil.

The forces of life and death are in struggle, for those are the other names for love and fear. Let us choose life and love, and happily use our selves up in loving service to one another.

Syllabi Collected from Courses Comprising the Peace Studies Programs of the Collaborating Colleges

Goshen, Manchester and Earlham each offer a Peace Studies major. Their curricula have both similar and unique courses. To both inform the faculty of the respective campuses and provide a resource for others interested in teaching peace studies courses we are in the process of accumulating course syllabi. They will be posted here. Copyright for these syllabi is held by the individual faculty and those interested in the content of a particular syllabi should correspond with the individual faculty member.
